| Objectives | Details of Project Launched | Deliverables expected from the proposal | Fund released | UC position | Major points of field visits | Remarks |
| <p>1. To create a Hand book giving a multi modality action alternatives covering all relevant systems of medicine and other supportive factors related to water and sanitation, Nutrition, Food and Water Safety, Psycho-social help etc.</p> <p>2. This book will be created in partnership with a most relevant organization – Viz, the ISM & H and The Indian Red Cross experts which has a major role to play during any disaster world wide and will be the major user of the book.</p> <p>3. The book will be given limited trails after creation, in two disaster prone areas to test it the understanding and acceptability by the community.</p> <p>4. Hence, the objective of this programme is to create an overall awareness among the community by giving them an option to manage disasters using multiple methods as that the most effective and suitable action can be taken by them independently.</p> | <p>The proposal has been considered in the meeting of the Project Approval Committee on 18.8.2009. The Committee approved the proposal with total Grant of Rs. 23.00 lakhs in two stages. The first stage grant will be Rs. 15.00 lakhs and for the second stage the grant will be Rs. 8.00 lakhs. The Department has released the 1st installment amounting Rs. 15.00 lakhs vide sanction letter no Z-28014/38/2009 – PHI dated 30.10.2009.</p> | <p>Involvement of the users (community) right in the beginning will ensure its acceptability and a targeted approach. Creation of a multidisciplinary approach using multimodality methods to help disaster victims.</p> <p>Use of Indian System of Medicine (ISM) will ensure easily available, highly effective treatment at low cost and with minimal side effects to these already traumatized victims.</p> <p>Low cost of ISM will lead to lesser amount of pilferage.</p> <p>Use of ISM will ensure long term and sustainable action at minimal cost. Since the book will be Community friendly, hence, it will help the common man to help and support disaster victims with confidence.</p> <p>Participation of experts and professionals from all fields of science and medicine will ensure a balances and implementable approach.</p> <p>Participation of Planners and programme implementers (particularly of Indian Red Cross Society) will ensure its proper and</p> | <p>Rs 15 lakhs has been released as 1st instalment in 2009-10.</p> <p>Rs 8 lakhs has been released as 2nd instalment tin 2010-11.</p> | <p>UC of 1st instalment liquefied.</p> <p>UC of 2nd instalment yet to be received.</p> | <p>No visit has been done.</p> <p>Actually, in this project, o visit is required.</p> | <p>All instalment s gone.</p> <p>Final reports received.</p> |

| | | | | | | |
