AYUSH In INDIA 2017

CORRIGENDUM

In Section 9 of the Publication “AYUSH in INDIA, 2017” the following Note has been added in the Footnote of Table 9.1 (a) with heading “Statistics of AYUSH related Foreign Trade: Export”

Note:- The abnormal variation from the year 2011-12 to 2014-15 is due to single item i.e. Guargum treated and pulverized exported to USA. If we ignore these abnormal years, the export data is consistent for remaining years and shows increasing trend.

2. In Annexure IX and Annexure IX (a) of the Publication AYUSH in INDIA, 2017 figures of number of Patients who visited Government Health care facilities under Ayurveda during 2016-17 may be read as follows instead of IPD (26759) and OPD (64986856) published earlier.
